Experience

Associate Financial Analyst Jan 2025 – Present
Virginia State Corporation Commission – Richmond, VA

- Self-initiated and created the Virginia Bureau of Financial Institutions' first Power BI dashboard.
- Presented dashboard insights and benefits to senior leadership, providing insights into bank performance and risk.
- Evaluated financial performance of 10 state-chartered banks with assets ranging from $88.4 million to $4.7 billion.
- Analyzed bank financial statements, Uniform Bank Performance Reports, and Call Reports using financial ratios and trend analysis in Power BI and Excel to identify key financial trends and potential risks.
- Collaborated with regulatory teams to identify emerging financial risks and ensure timely mitigation strategies.

Purchasing Intern Sep 2023 – Oct 2024
Crescent Hotels and Resorts – Fairfax, VA

- Coordinated with 40+ vendors to ensure timely orders, reducing delays and helping projects finish ahead of schedule.
- Generated purchase order reports that informed hotel ownership group decisions and improved project tracking.

Business Intern Jul 2023 – Aug 2023
G2 Ops Inc. – Virginia Beach, VA

- Researched industry salary trends and delivered actionable insights to HR through clear, effective data visualizations.
- Created competitor profile reports that enhanced decision-making for the Business Development team.

Projects

BFI UBPR Power BI Dashboard Creation Jul 2025 – Aug 2025

- Prepared Uniform Bank Performance Report data from .txt files and efficiently transformed it using Power Query.
- Created interactive dashboards detecting anomalies and highlighting emerging risks for banks under examination.

GMU Business Capstone Case Study Competition Sep 2024 – Nov 2024

- Directed team analysis of financial data for a simulated company, delivering actionable business insights.
- Presented data-driven solutions to executives, winning 1st place and a $1,500 cash prize in a college-wide contest.
